HOUSE JOURNAL.

Proceedings of the House of the Sixth Legislative Assembly of
the Territory of Oklahoma.

FIRST DAY.

Guthrie, Oklahoma Territory,
Tuesday, January 8th, 1901.

This being the day fixed by law for the convening of the Legislative Assembly, and the hour of 2 o'clock p. m. having arrived, those declaring themselves elected members of the House of Representatives of the Sixth Legislative Assembly, of the Territory of Oklahoma, met in the hall provided by the Secretary of the Territory, and designated as "Representative Hall."

Charles G. Jones, declaring himself to be a member-elect of said body, called the House to order, and, as a preliminary, moved the election of Thomas R. Reid, of Canadian County, as temporary Chairman, who was unanimously elected.

John Embry, of Lincoln County, was elected Secretary.

Thereupon the Chairman declared the temporary organization of the House of Representatives to be complete and perfected.

As provided by law, a committee of five members was appointed as a Committee on Credentials, as follows:

Jones, Campbell, Wilkin, Mathews, of Greer, and Scott.

On motion of C. G. Jones a recess of twenty minutes was taken.

The limit of recess having expired, the House was called to order by the temporary Chairman.

The Committee on Credentials made the following report:

Mr. Chairman:

We, your Committee on Credentials, respectfully submit the following report:

That the persons herein named have filed certificates of election as members of the House of Representatives of the Sixth Legislative Assembly, for each district, as set opposite their names, which certificates, being regular on their face, we find the persons named to be entitled to seats in this House as members thereof under such certificates:

W. M. Ferguson, First District.

James Wilkin, Second District.

John A. Oliphant, Third District.

Huston A. Thomas, Fourth District.

James L. Mathews, Fifth District.

Wm. H. Scott, Sixth District.

John Embry, Seventh District.

Robert E. Wood, Eighth District.

B. F. Nisbett, Ninth District.

Walter L. Phelps, Tenth District.

Charles G. Jones, Eleventh District.

John W. Comp, Twelfth District.

James W. Hadley, Thirteenth District.

Thomas R. Reid, Fourteenth District.

D. H. VanKirk, Fifteenth District.

Walter C. Stevens, Sixteenth District.

Silas E. Seeley, Seventeenth District.

Miles W. Allen, Eighteenth District.

Ret. Millard, Nineteenth District.

Frank R. Rogers, Twentieth District.

John H. Decker, Twenty-first District.

Henry M. Brewer, Twenty-second District.

August T. Sniggs, Twenty-third District.

John H. Campbell, Twenty-fourth District.

Frank Mathews, Twenty-fifth District.

Charles R. Alexander, Twenty-sixth District.

Also reported a protest filed by Jesse C. Wails against Walter L. Phelps for the seat in Tenth District.

Signed:

C. G. JONES,
J. H. CAMPBELL,
JAS. WILKIN,
FRANK MATHEWS,
WM. H. SCOTT.

On motion, report of committee was adopted.

Whereupon, the oath of office was administered by Chief Justice Burford to all the members of this Assembly.

The selection of the permanent organization was then taken up and declared to be in order.

C. G. Jones nominated Walter C. Stevens for Speaker.

Robert E. Wood nominated James Mathews.

Roll call resulted as follows:

Stevens received 15 votes, Mathews 10.

Mr. Stevens received a majority of the votes of the Assembly and was declared elected Speaker.

The oath of office was administered to Mr Stevens as Speaker by Chief Justice Burford.

Mr. Reid nominated C. G. Jones as Speaker pro tem.

Frank Mathews nominated Robert E. Wood.

Roll call resulted in C. G. Jones receiving 16 votes, and Robert E. Wood 10 votes.

C. G. Jones nominated H. F. Ardery for Chief Clerk.

There being no other nominations the rules were suspended, and Mr. Ardery was unanimously elected Chief Clerk.

C. G. Jones nominated M. J. Wallace for Sergeant-at-Arms.

There being no other nominations the rules were suspended, and Mr. Wallace was declared the unanimous choice for Sergeant-at-Arms.

C. G. Jones nominated J. S. Shoemaker for Chief Enrolling and Engrossing Clerk.

There being no other nominations the rules were suspended, and Mr. Shoemaker was declared duly elected.

Mr. Jones nominated George W. Vickers as Messenger.

James W. Hadley nominated G. W. Miller.

Roll call resulted in Vickers receiving 16 votes, and Miller received 10.

George W. Vickers was declared duly elected.

C. G. Jones nominated L. Winn for Watchman.

Miles W. Allen nominated Samuel Shore.

Roll call resulted in Winn receiving 14 votes and Shore 12 votes.

Winn having received the majority of the votes was declared duly elected Watchman.

C. G. Jones nominated the Rev. Cohagan for Chaplain, who was elected by acclamation.

On motion the House adjourned until Wednesday, January 9th, 1901.

Approved January 9th, 1901.

WALTER C. STEVENS,

Speaker.

H. F. ARDERY,

Chief Clerk.

SECOND DAY.

Guthrie, Oklahoma Territory,
Wednesday, January 9th, 1901.

The House convened, pursuant to adjournment, with the Speaker in the chair, at 9 o'clock A. M.

Prayer by the Chaplain.

The roll was called and all members were present except Mr. Phelps, Mr. Reid, Mr. Sniggs, and Mr. Mathews, of Payne.

 Dick Cassel, Page.

Mr. Jones moved that a committee of three (3) be appointed by the Speaker to receive and examine all candidates for positions on the Enrolling and Engrossing force, and report to the Speaker.

Mr. Alexander moved as an amendment that the committee report to the Republican caucus, which motion prevailed.

On motion of Mr. Seeley, the committee was increased to five (5).

Mr. Speaker appointed Messrs. Jones, Alexander, Reid, Millard and Scott.

Mr. Oliphant moved the appointment of a committee of three (3) on Joint Rules, to act with a like committee from the Council, which motion carried.

The Speaker appointed Messrs. Oliphant, Campbell and Allen.

The minutes of January 8th were read, amended and approved.

Mr. Alexander moved the appointment of a committee of five (5) on mileage. Motion prevailed.

Mr. Speaker appointed Messrs. Alexander, Ferguson, Millard, Thomas and Nisbett.

Mr. Reid asked for leave of absence for Mr. Phelps who was unavoidably detained away.

MESSAGE FROM THE COUNCIL.

Mr. Speaker:

We are directed by the Council to inform the House that the Council is now duly organized and ready for the transaction of business.

Signed:

SIDNEY CLARKE,
 E. DUFFY,
 F. L. WINKLER,
 Committee.

MESSAGE FROM THE COUNCIL.

Mr. Speaker:

You are hereby notified that a committee of three (3), consisting of Messrs. Miller, Messall and Todd, has been appointed to act with a like committee from the House to notify the Governor that the Council is now organized and ready for business.

THOS. KEARSE,
Chief Clerk.

Mr. Jones reported the committee to notify the Governor had discharged their duty and that the Governor would deliver his message in person at 2 o'clock P. M., January 9th, 1901.

On motion of Mr. Hadley, the House adjourned until 1:30 P. M.

AFTERNOON SESSION.

At 1:30 P. M. Speaker Stevens called the House to order.

MESSAGE FROM THE COUNCIL.

Mr. Speaker:

The committee has adopted the following resolutions:

Resolved, By the Council, the House concurring therein, that there be a joint session of both Houses of the Legislative Assembly at 2 o'clock P. M., January 9th, 1901, for the purpose of receiving the message of the Governor.

THOS. KEARSE,
Chief Clerk.

On motion of Mr. Jones the House concurred in Joint Resolution No. One (1).

At 2 o'clock P. M., the Legislative Assembly met in joint session with President Bellamy in the chair.

The Governor, Territorial officials and members of the Supreme Court were present.

The President of the Council introduced Governor Barnes who read his message to the Sixth (6th) Legislative Assembly, after which the joint session adjourned, and Speaker Stevens convened the House in session.

Governor's Message to the Sixth Legislative Assembly of Oklahoma.

To the Sixth Legislative Assembly:

Gentlemen: For a comprehensive and complete statement of the development and progress as well as industrial, social and commercial conditions prevailing in Oklahoma, I submit copies of my annual reports to the Honorable Secretary of the Interior for the years 1899 and 1900.

For detailed information concerning the financial condition of the Territory, the revenues and expenditures, general and specific, the status of the various branches of territorial administration, your attention is respectfully called to the several reports submitted herewith, in printed form as required by law, made by the Territorial Officers, Boards of Regents, and those charged with the execution of the laws of the Territory, which I confidently believe will be found to contain each and every transaction of interest to your honorable body or to the people of the Territory.

In submitting these reports I beg to call your especial attention to the great pains and care taken to lay before you the exact condition of each and every branch of the public service, and I especially and earnestly urge that your respective Houses will through its regular or special committees examine the books and vouchers of the various offices and verify the correctness of said reports. Every facility will be cheerfully granted for such examination, and all aid possible will be given to any investigation and research that may be desired by your honorable Houses, by your committees or by individual members of either House.

The prosperous conditions which I had the honor and pleasure of reporting to the Fifth Legislative Assembly it is gratifying to note have continued even to a greater degree during the past two years, and this aided by a wise and patriotic administration of our general government has brought to our people a contentment and happiness not excelled anywhere on earth.

STATEHOOD.

The remarkable progress and rapid development of the Territory and the prosperous conditions referred to suggest the question of statehood. In my judgment this question should be approached with a careful consideration of the responsibilities and burdens that will become obligations from which our people cannot withdraw nor escape should adverse conditions arise making it desirable to do so, as well as that of the alluring advantages to be derived as a commonwealth with equal political rights and privileges as the States about us.

Two bills are now pending in Congress looking to the passage of an Act to enable Oklahoma to become a state, one in the Senate introduced by Senator Fairbanks and one in the House by Delegate Flynn; which should be carefully read in connection with a consideration of this subject. The pendency of these bills in Congress, it seems to me, is a sufficient reason why the people of Oklahoma should seriously consider and give voice to their wishes and desires concerning a matter of so great importance to their present and future welfare.

I am firmly convinced that a large majority of our people believe that the Indian Territory lying to the east and south of Oklahoma will eventually become a part of the future State of Oklahoma, and in my judgment the people of both territories would ever be better pleased and affiliated with each other if they could start together and participate equally in forming the constitution and laws under which not only ourselves but our children and our childrens' children for generations to come must live together sharing the blessings of the institutions which will be rapidly formulated, established and located, as well as the burdens of taxation and indebtedness which is sure to be created in furtherance of plans for independence and equality of conditions; but whether it is the wish of our people to await the manifest advantages of joint statehood until such time as the present chaotic and confused conditions in the Indian Territory shall be composed and the people of that territory are prepared to accept statehood in common with us is a question which should be and must be determined by and for ourselves.

Your honorable body, fresh from the people, will be able to more correctly determine and faithfully represent their wishes and best interests and their future as well as immediate welfare than any convention ever before assembled in the Territory, and I earnestly recommend to you a careful consideration of the question in all its bearings and consequences and that your final and best judgment may be expressed in the form of a joint memorial to the Congress of the United States and to which I pledge my earnest and cordial concurrence and endorsement.

THE TERRITORIAL TREASURER

submits a flattering statement of the condition of territorial finances to which I call your attention with a good bit of pride and satisfaction because it is incontrovertible evidence of the careful and conscientious administration of the financial affairs of the Territory.

A careful examination of the books, records, stubs, checks and bank accounts of this office was made by a committee appointed by the Governor in February 1900, said committee being composed of gentlemen enjoying the confidence of our people for high character, integrity and ability to as great a degree as any in the Territory, and to their report I invite your especial attention in connection with the subject matter. The system of able and accurate accounting and care of the public funds found by said committee to be in operation in that office has been scrupulously maintained, and I venture to say that no better results can be shown by any state in the Union.

Our laws fix the amount of security to be given by the Territorial Treasurer at \$50,000.00, with a provision that additional security may be required by the Governor in his discretion. Under this latter provision I required the Treasurer to give a bond in the sum of one hundred thousand dollars, which he did with as solvent and sound personal sureties as reside in the Territory, at the commencement of his present term of office. Subsequently, as increased receipts and revenues came into his hands, it was deemed advisable to require an additional bond to be given with corporate security in the sum \$200,000. After much investigation it was found that in the absence of territorial law designating bank depositaries of public funds corporate surety companies declined to assume liability for territorial funds while deposited in banks, and the Treasurer filed a bond for \$200,000 with the United States Fidelity and Guarantee Company, of Baltimore, Md., as surety guaranteeing funds only while in immediate custody of the Treasurer, which was approved by me and deposited in the office of the Territorial Secretary.

This bond cost the Treasurer a considerable sum of money for premium, which, in my judgment, should be reimbursed to him by the Territory, and provision should be made by which the Treasurer shall be supplied with suitable office, with fire and burglar proof safes and vaults for the safe keeping of his books and funds, or a system of deposit in banks authorized by law, which will relieve him of personal liability for funds so deposited.

Since the filing of additional bond with corporate security as above stated, the Treasurer has kept the public funds on deposit in National Banks that are designated depositaries of the United States.

The Treasurer's report shows on hand to the credit of the Public Building Fund, \$125,212.52.

This amount is immediately available for the erection of such public buildings as the legislative assembly in its wisdom may designate, with the exception of a capitol building, which is prohibited by Act of Congress approved April 17, 1900, which provides "That said legislative assembly (Oklahoma) shall not make any appropriation or enter into any contract for a capitol building."

I beg leave to suggest that in case no provision is made for the use of this fund in the near future, you will provide by law for its safe investment in reliable interest bearing securities.

The Common School fund has to its credit the sum of \$119,395.95, which will be distributed to the various common school districts in the near future under existing laws.

The following balances on hand as shown by the report should be transferred by act of your assembly to the general revenue fund and applied to the reduction of the warrant indebtedness of the Territory, to-wit:

Bank Commissioner fees fund, ...	\$1,975.00
Insurance license and fees fund, ...	7,800.00
Conscience Money fund, ...	42.00
Interest on daily balances fund, ...	7,242.10
Statute and Session Laws fund, ...	95.50

and future revenues from these sources should be carried direct to the general revenue fund. The balance on hand to the credit of the land lease interest fund should also be transferred or otherwise distributed by law to its appropriate use.

An examination of the work done in the Treasurer's office is convincing evidence of the imperative need of provision for some clerical assistance and more adequate office facilities for the transaction of this important branch of the territorial service.

AUDITOR'S REPORT.

The Auditor's report is a detailed statement of warrants issued in payment of various expenditures as authorized by law, and of warrants redeemed by the Treasurer and canceled. An examination of this report together with that of the Territorial Treasurer exhibits a gratifying increase of territorial revenues for general purposes and the continued and equally gratifying economy of administration of territorial affairs.

A summary of revenues collected and collectable for the years 1899 and 1900 is as follows:

Collections from tax for 1899, ...	\$ 201,585.55
Collection from tax for 1900 available in January and June 1901, ...	228,245.85

Total	\$ 429,831.40
-------------	---------------

Total warrants issued account

General purposes 1899, ...	\$193,169.43
General purposes 1900, ...	138,096.02
	\$331,265.45

Showing a gain of\$ 98,566.05

To this sum might be added the amounts heretofore reported as properly transferrable to the general fund, about \$20,000, and from this should perhaps be deducted amount of accounts now pending and not paid because of deficiency in appropriation amounting to about the same sum; from which it appears that when the revenues for 1900 are collected there will have been a surplus of revenue over expenditure for the biennial period ending December 31, 1899, of about \$100,000, of which the interest on outstanding warrants will absorb about \$45,000, leaving a net gain of \$50,000 to apply to a reduction of outstanding warrant indebtedness. This is the first biennial period in the history of the Territory that we have not experienced a casual deficit occasioned by greater expenditure than revenues received.

REVENUE ASSESSMENT AND LEVY AND EQUALIZATION OF TAXATION.

The amendment to the laws relating to the above subjects made by the Fifth Legislative Assembly seem to have operated satisfactorily to the people.

The new system of equalization is, however, not sufficiently elastic to enable the Board to always do exact justice between classes of property in different counties where estimates of values by assessors greatly differ. This would in a degree be corrected and the work of the Board of Equalization would be greatly facilitated if the law which was I think inadvertently repealed and which provided for an annual meeting at the Auditor's office by the various county assessors and for the preparation by them of a uniform schedule of valuation by which all assessors should be governed in making assessment, should be reenacted and restored to the statutes of the Territory. The litigation pending at the last session of the legislature in regard to the powers of the Board to equalize taxes between

the several counties has been happily terminated by decision of the Supreme Court of the United States in favor of the contention of the Attorney-General, and the delinquent counties have all settled and paid to the Territory the amounts due from them that was in dispute.

In this regard I again call your attention to the crude, indefinite and inadequate provisions of the law requiring an accounting and settlement by county collectors with the territorial officers for territorial taxes. The Treasurer's report shows quite a large sum due from the several counties, and there is no means of ascertaining whether collectors have collected and withheld the money from the treasury or whether they have failed to collect after diligent effort so to do.

I renew my suggestion that provision be made that will enable the territorial officers to compel a complete and final settlement with county collectors at least once in each year and provide for necessary relief to county treasurers and sheriffs for such charges against them as are shown to be delinquent and not collectable.

In view of the large number of corporations being formed under our general incorporation law and the sure prospect of many of the franchises secured thereunder becoming very valuable to the incorporators, I suggest the advisability of requiring official reports of the business done by corporations to which franchises are accorded and the ascertainment of value of such franchise to the end that it may be placed upon the tax rolls and bear its fair share of the public burden.

SCHOOL LANDS.

The report of the Secretary of the Board for leasing school lands is replete with information bearing upon the laws, rules and regulations governing the leasing of public lands in Oklahoma, and it is a sincere pleasure to note the valuable results to the school and public building funds secured to the Territory, together with the generally satisfactory relations existing between the Board and the large number of good citizens leasing the lands.

Especially do I invite your attention to the system of bookkeeping in operation in the office of the Secretary under which the checks and balances are so arranged that errors if made are readily discovered and easily corrected.

The funds arising from rental of these lands have been scrupulously cared for and turned over to the Territorial Treasurer for distribution and expenditure as provided by law after deducting the amounts necessarily expended for the reasonable and economical expenses of the office. In my judgment the administration of this important branch of territorial service is beyond just criticism, and merits the approval of your honorable body and of our citizens generally.

This branch of service is, however, operated under an Act of Congress granting authority to the Board which was only intended to be temporary and to be in effect until the legislative assembly should enact laws governing the leasing of the public lands, and for the care, custody and proper distribution of funds arising therefrom. It is earnestly hoped that the close of this session will witness the enactment of a wise and beneficent measure governing this branch of service which will be equally fair and just to the lessees and to the Territory.

I commend to your careful consideration the suggestions of the Secretary of the Board in regard to needed legislation, believing that they will meet your cordial concurrence and approval.

THE CAMP SUPPLY RESERVATION

In Woodward County has nearly all been sold by the National Government to private parties, only a few acres remaining the property of the government, upon which the once beautiful and commodious buildings are situated. These buildings have, however, been so long abandoned and unoccupied that they are useless and not habitable for any purpose without the expenditure of a large amount of money. It might possibly be practicable to utilize them for purposes of a soldier's home or a reformatory if Congress would donate the property to the Territory. I suggest that provision be made for a careful inspection and report of the condition of this property at once, to the end that you may memorialize Congress in regard to a satisfactory disposition of what is left of it.

PUBLIC SCHOOLS.

Your attention is invited to the report of the Superintendent of Public Instruction, which is submitted herewith, from which it appears that about one-fifth of the children of school age in Oklahoma do not attend any public school, and that the average daily attendance at all the public schools is only a little over two-thirds of the total enumeration. Some reason may perhaps be found for these apparent delinquencies from the fact that distribution of the very large fund arising from leasing of school lands is based upon the enumeration made by county officials. The laws should be amended so as to provide for such distribution upon a basis of actual average attendance in the several school districts.

I cannot too strongly call your attention to conditions prevailing in the Kickapoo district where a large and contiguous body of land has been reserved for school purposes and is occupied by renters whose resources are so limited that it is impossible to support and maintain schools without some legislation to aid them. Some

remedy should be devised by your honorable body to grant speedy and sure relief, and to restore these people to their rightful participation in the benefits of our free school system.

THE UNIVERSITY.

A comprehensive report of the progress and condition of this valuable institution is herewith submitted, showing the revenues and expenditures as well as its needs for future advancement.

I concur in the request of the Board of Regents for provision for additional room and substantial betterments, which are absolutely essential to its successful progress. Valuable geological researches have been made under the auspices of the University during the past year as authorized by law of 1899, but as the report thereof is voluminous the same has not been printed, awaiting your specific provision for the same. The manuscript is now on file in the executive office.

THE NORMAL SCHOOLS.

The Normal School at Edmond and the Northwestern Normal School at Alva have made satisfactory progress during the past two years, and a careful observation of methods of management, the aims and objects and the attainment of these schools convinces me that they are doing invaluable service for the educational interests of Oklahoma, and I am firmly of the opinion that everything possible to be done to promote their efficiency should be provided by the enactment of needful legislation.

The wisdom of the establishment of the Northwestern Normal at Alva and the erection of a suitable school edifice has, I think, been demonstrated by the gratifying results already attained by that school, and I earnestly hope that your honorable body representing a great people aspiring to all the rights and privileges of a great state will take such steps for the adjustment of the debt created for the erection and equipment of this building as will be creditable alike to the people and to their high aspiration.

THE AGRICULTURAL AND MECHANICAL COLLEGE.

Your attention is directed to the very complete and careful reports of the Board of Regents and of the President of this institution.

Under the law passed by the assembly of 1899 two new and handsome buildings have been erected and are now occupied for the purposes of this school.

I commend to your careful consideration the recommendations of the Board for additional facilities.

THE LANGSTON AGRICULTURAL AND NORMAL UNIVERSITY.

The enactment of 1899 transferring fifteen thousand dollars from the accumulated Morrill fund in the treasury of the Agricultural and Mechanical College at Stillwater was approved by an Act of Congress, and the money was paid over to the Langston Board and has been providently expended for equipment for the Langston school.

The report of the President of the Board of Regents is submitted herewith, and contains full information and estimates of needed revenues to insure its reasonable advancement, to all of which I invite your careful consideration.

The benefits derived by our people from this school are second to none in the Territory, and every inducement and encouragement practicable should be accorded to expand and enlarge its beneficent influences.

DEAF, DUMB AND BLIND.

The home and school for the deaf mutes has been entirely successful, and is a creditable institution to the Territory.

Your attention is called to the report of the Superintendent, as well as to that of the Board of Education having supervisory jurisdiction. The revenues provided for this charity are not quite sufficient to meet the growing demands made upon it, and a slight increase will be found to be judicious and necessary.

No contract has been made for the care of the blind, and the limited number of persons in the Territory entitled to the protection of the general public has made it impolitic to execute a contract under which an institution could be established. There are, however, a number of blind in the Territory, as shown by schedule, who are entitled to, and should receive the sheltering care and education intended to have been provided by existing law. No doubt a careful revision and amendment of this law would make it practical and beneficial for the Territory to assume the obligation for the care and education of unfortunates, which the people are more than willing should be done.

Under tax levy made to carry out the purposes of the existing law there is now in the treasury the sum of \$6,761.79.

ATTORNEY-GENERAL.

The report of the Attorney-General includes a resume of the litigation in which the Territory was a party.

No case of far-reaching importance is pending at this time, but the multiplied cases of lesser import and the constant research and correspondence required in the execution of the duties of his office suggest the need of provision for clerical and stenographic assistance, for which no provision has yet been made, and at times the aid of additional counsel in the preparation and trial of cases to the end that the interests and welfare of the Territory may be suitably protected and defended. I cordially concur in the recommendations made by the Attorney-General for increased facilities and additional furniture.

THE BANKING LAW.

The new banking law enacted in 1899 has proven of much more value and benefit to both the banking interests and to the Territory than was the one repealed. Some modification and amendment, however, seem to be desirable, and your attention is called to the report made by the Commissioner and the recommendations made by him as the result of careful observation and experience of a thoroughly capable officer.

There has recently come to my notice some indication of irregularity in the reports of the late Commissioner, and the same is now under investigation by the proper authority and when definitely ascertained correction will be demanded and enforced.

The exhaustion of appropriation for contingent expenses of this office prior to the appointment of the present Commissioner makes necessary an appropriation for a small deficiency, which I beg to recommend to your favorable consideration.

OIL INSPECTION.

The law enacted in 1899 for the protection of the people from dangerous, crude and low grade oils and kindred illuminating and heating fluids was so uncertain and indefinite in its provisions as to have been practically of little or no benefit. Injunction against its operation was speedily obtained in the courts, and expensive litigation has been avoided in the hope that your honorable body will be able to give the same your careful consideration and remedy the existing condition by the enactment of clear and definite provisions which will facilitate legitimate commercial interests as well as protect the people from imposition.

TERRITORIAL LIBRARY.

I transmit for your inspection the report of the Territorial Librarian, detailing the condition of library and funds.

The importance and usefulness of this library to those having business with the courts is beyond question, and I trust that liberal provision will be made for its maintenance and expansion.

HISTORICAL SOCIETY.

A valuable report of the progress of the Historical Society will be found among others submitted for your consideration.

I believe a reasonable appropriation in aid of the purposes of this society will be found to be justifiable, provided its expenditure is carefully defined and proper regulations adopted governing its management.

TERRITORIAL BOARD OF HEALTH.

The general hygienic and health conditions in Oklahoma continue to be satisfactory. Smallpox of a very mild type and with few fatalities has existed to some extent in nearly every county, but the county commissioners and county boards of health have been diligent and energetic in protecting the people from a spread of the malady, and it is now mostly stamped out of existence in nearly every part of the Territory.

The voluminous report of the Superintendent is herewith submitted, inviting your especial attention and consideration to the suggestions made as a result of extended experience in the important matter involved.

DENTISTRY AND PHARMACY.

Your attention is called to the reports made by the proper officers of these associations, which are herewith submitted for your consideration.

NATIONAL GUARD.

The first regiment Oklahoma National Guard is under good organization and capable commanders. The policy of the Territory in encouragement of the esprit-de-corps has been of great benefit to our young men upon whom the Territory and the country must rely for the maintenance of good order and the enforcement of the civil laws in times of turbulence and disorder.

A full report of the organization and of the two last annual encampments and of the aid needed to make it more perfect and insure the benefits desired, made by the Adjutant-General, is herewith submitted.

As the work done by the officers and men of the National Guard is purely voluntary I command to your careful consideration the suggestion of the Adjutant-General that provision be made for reasonable aid to companies for the proper care and custody of the public property placed in their charge.

The general government provides liberally for the equipment of our National Guard, and it is a duty and responsibility that should not be overlooked or neglected that the Territory should carefully provide for its protection. Reasonable provision should also be made for expenses incurred by the commanding officer in behalf of good service under direction of the Commander-in-Chief and for suitable compensation to officers who may be ordered upon court martial or other necessary public service, not including active service in times of war or in quelling public disturbance, which is already amply provided for.

IN AID OF IMMIGRATION.

In my former message to the legislative assembly I reported the effort made by the executive to suitably represent the resources and conditions of Oklahoma at the Omaha Exposition, held in 1898, and beg to ask your attention again to that report.

The last assembly in conformity to my recommendation made appropriation of an amount of money which perhaps seemed to it to be sufficient to reimburse parties for the moneys advanced to me to make our exhibit successful and beneficial to our people. Upon careful auditing of such expenses, however, it was found that the appropriation was deficient, and the vouchers and accounts were filed in the office of the Territorial Auditor showing a small amount still due and unpaid to the counties and the several railroad companies who had kindly aided us in this enterprise undertaken solely in the public welfare.

I earnestly request your examination of this matter, and that you will make suitable provision for the payment of the remaining obligation to those who aided us with a public spirit which cannot be too highly commended.

The general government, the State of Missouri and the citizens of St. Louis have made very large provision for the holding of a great exposition in St. Louis in the year 1903, in celebration and honor of the acquirement by the United States of the lands known to history as the Louisiana Purchase. Our contiguity to St. Louis, our railroad connections and commercial relations with this great western metropolis and our general business interests suggest a wise provision by your honorable body for the suitable representation of the resources and products of our wonderful Territory at St Louis in 1903.

The value to be derived by our people from a wide dissemination of such information which this opportunity offers cannot be overestimated.

The same remarks apply with equal pertinence to the Pan-American Exposition to be held at Buffalo during the present year, in regard to which I will communicate further and more detailed information in the near future.

The Territory has reaped manifold advantage from the means taken by the present executive to present to the world the many and varied agricultural and commercial conditions and possibilities of Oklahoma, and experience along these lines gives assurance that money thus expended will be returned to our people many fold if valuable opportunities offered us are availed of.

THE LIVE STOCK INTERESTS.

The Live Stock Sanitary Commission has met the difficulties of administration under existing provisions of law in as forceful and able a manner as could well be done. The law governing the moving and feeding of cattle and providing for the protection of this industry is seriously defective, and demands your earnest consideration along lines suggested in my message to the Fifth Legislative Assembly.

I call your attention to the report of the board having charge of this interest, and of the secretary of the board, who has given much valuable time to this public service without fee or compensation of any kind.

I earnestly hope that you will examine carefully into the details of this branch of territorial administration, and that the present law will be modified and amended in such respects as in your wisdom may be found desirable and essential, and that you will provide means for the payment of expenses necessarily incurred for which no appropriation was made, and make more liberal provision for the advancement and protection of these important interests.

In my opinion the importance of this subject demands the supervision of a board or commissioner not charged with other duties connected with widely divergent interests, and a permanent secretary should be authorized and reasonable compensation provided.

GRAIN INSPECTION.

It will be readily conceded that the interests of our farmers and grain dealers are of the greatest importance. Our grain inspection law seems to have been cut bodily out of the statutes of some of the states where the conditions of the grain trade and grain

markets are widely different from those obtaining in the territory.

I commend to your careful consideration the report of our grain inspector, confident that the law in question will be wisely and comprehensively modified and amended so that its administration will be facilitated and the important interests concerned will be benefited.

INSANE.

The number of patients cared for under contract with the Oklahoma Sanitarium company has increased somewhat during the past two years.

Under provisions of law of 1899 a committee composed of reputable medical men has visited this sanitarium four times each year, and after a careful examination of the inmates and of conditions of sanitation and hygiene, as also of food, clothing and medical attention provided, has made favorable report to me of satisfactory execution of contract by the management, which report is hereby transmitted:

Under the law referred to several patients have been discharged and returned to their homes by direction of said committee. The Sanitarium company has made additions and improvements to this institution from time to time, and have kept pace with the increasing demands made upon it. This contract will expire during the coming year, and some provision must be made for its renewal or for the care of these unfortunates by the purchase of this property or the location and erection of suitable asylum elsewhere.

Should the latter plan be adopted provision should be made for the separation of the several classes of patients now cared for under this contract, as the imbecile and feeble minded, the insane and the epileptic patients require a different treatment which could be more efficiently done if cared for in separate institutions.

Report is submitted showing number of patients in the institution from each county December 1, 1900, together with number discharged, died, and escaped during the past two years, etc.

JUVENILE OFFENDERS.

I have not been able to make suitable contract for the care and education of incorrigibles and juvenile offenders chiefly because the law permits judges to commit them to the care of such a contractor in their discretion, and the uncertainty of ascertaining with reasonable certainty the number that would be committed. Responsible persons with whom I have endeavored to arrange a contract have declined under these conditions to do so, not feeling sure of commensurate reward for the investment which they would be required to make.

PARDONS.

A full report of pardons and commutations of sentence granted during the past biennial period is submitted herewith.

Our law provides that convicts from Oklahoma shall be entitled to all rights and privileges accorded to prisoners by the law of the state in which they are imprisoned. The Kansas law provides that convicts in that state shall be entitled to a certain percentage of reduction of term of sentence dependent upon good behavior and a pardon within ten days of the expiration of their term, for the restoration of citizenship, upon the recommendation of the Warden.

A majority of the pardons issued by me were granted under this provisions of the law, which I have regarded as binding and obligatory. Other pardons have been granted as reported generally upon recommendations of the trial judge and the prosecuting attorneys, and in a few instances for other considerations which have seemed to my best judgment to be a sufficient warrant for such exercise of the power vested in the executive.

I especially request your careful examination of the record evidence in each case, which will be found on file in the office of the Territorial Secretary.

THE PENITENTIARY.

contract remains the same as reported in 1899. The Auditor's report shows the expenditure of this branch of the public service, and I submit herewith a report of the Warden of the penitentiary showing 223 convicts from Oklahoma in confinement on December 1, 1900, also a table showing the various crimes for which the prisoners were sentenced, length of sentence, etc.

ELECTION LAWS.

Our election laws are crude, ambiguous and generally unsatisfactory. In case of a closely contested election confusion of construction would cause an endless amount of trouble.

The importance of securing fair and honest elections and returns demands that the whole machinery be revised and a new law clear and definite in its provisions should be enacted.

The present apportionment of representation in your respective houses was made by the third legislative assembly, and was based upon the population of the Territory as reported in 1894, which was 212,625. Greer County was not a part of the Territory at that time, and the population of the Territory has almost doubled, the increase being mostly in the western counties. The justice of a new apportionment will, I think, commend this subject to your careful consideration.

INSURANCE.

Legislation is needed in regard to license and taxation of insurance companies doing business in Oklahoma. Under the present law many of the county assessors overlook the duty of assessment upon this business until too late to incorporate it in their returns. The present system is also cumbersome and unsatisfactory to the companies.

I suggest the enactment of a law which shall render demands for taxes upon companies premium receipts certain and definite quantities, such taxes to be paid direct to Territorial officials.

I have no means of ascertaining the amount paid by these companies for license, but judging from the large number doing business in the Territory I assume that the business has assumed dimensions of some importance and should be carefully revised and adjusted by your honorable body.

In connection with this subject I call your attention to the number of foreign building and loan associations doing business in Oklahoma in competition with home institutions, who share in the support of territorial government. The provisions of the insurance laws respecting taxation of premium receipts and examination as to reliability and solvency should perhaps be extended to cover this class of business.

IN CONCLUSION.

The Sixth Legislative Assembly of Oklahoma, standing at the dawn of a new century, representing as it does a thriving, bustling, energetic, industrious and intelligent constituency of four hundred thousand people, enjoying the blessings of a more advanced and enlightened civilization than ever before experienced by any of the peoples of the world, has here a golden opportunity to impress itself upon the pages of enduring history that has seldom fallen to the fortune of so small a body of representative citizens charged with the high and important function of making laws for its government.

With high purpose and firm resolve to realize and with our best endeavors to perform the solemn duties and responsibilities with which we are charged, let us proceed with determination and hope that our efforts in behalf of a wise and good government for our Territory will result in a proud and beneficent heritage to our people.

Respectfully submitted,

Governor.

Appendix.

TERRITORIAL TREASURER.

Guthrie, O. T., Feb. 22, 1900.

Governor C. M. Barnes,
Guthrie, Okla.

Sir: We your committee, appointed by you for the purpose of examining the accounts, vouchers and funds of the Territorial Treasurer, have to report, that in accordance with your letter of appointment and directions therein, we have made a careful and thorough examination of all the records, books, accounts, vouchers, receipts, stubs, etc., of the Territorial Treasurer's office, and also of the funds and moneys on hand.

From our examination and inspection of the Treasurer's books, receipts and vouchers, we find that at the close of business, Saturday, February 17th, 1900, there was a balance of cash on hand, made up from the aggregate balances of all the various funds, the sum of \$196,585.11.

From our examination and inspection of the funds and moneys belonging to the Territory, we find that at the close of business on said date, there was on deposit to the credit of the Territorial Treasurer in banks as follows:

In the Western National Bank at Oklahoma City, the	
sum of	\$ 80,000.00
In the Guthrie Nat'l Bank at Guthrie, the sum of	121,817.06
Total	\$201,817.06

We find from our examination of checks and stubs that there are outstanding checks against the Treasurer's account in the Guthrie National Bank as follows:

Check No. 343, payable to John Norton, Co. Treas. of Greer Co. for redemption of warrant No. 320, Com. School Fund in the sum of	\$ 4,921.00
Check No. 345, payable to J. E. Smith for redemption of warrant No. 55 Northwest Normal School in the sum of	310.95
Total	<u>\$5,231.95</u>

Recapitulating we have:

Cash on hand as shown by Treas. books	\$196,585.11
Outstanding checks	5,231.95
Actual Cash in Banks	\$ 201,817.06
Total	<u>\$201,817.06</u> \$201,817.06

We find that the amount of cash as shown above belongs absolutely to the Territory, subject to the Treasurer's check, and that no part of the same is borrowed by the Treasurer personally or in his official capacity, and we further find that the Territorial Treasurer is not indebted, in any sum whatsoever, to either of said banks wherein said moneys are deposited, either personally or officially.

We desire to state that the work of your committee has been greatly facilitated by the intelligent assistance of the Treasurer, the Hon. Frank M. Thompson.

Every book and record, every voucher and entry, was by him cheerfully submitted to our inspection with such explanation, as to enable us, readily to comprehend the system of his office. The work of the office, the clerical work, and what might be termed its drudgery, is performed entirely by Mr. Thompson, and while the receipts and disbursements each year aggregate about \$350,000.00 and are apportioned among a large number of funds, each requiring a separate account, yet the work is so systematized, that Mr. Thompson is able, single-handed, to keep abreast of it, and to present for inspection a set of books, of which the most fastidious bookkeeper might be proud.

We congratulate you upon having at the head of the Treasury Department during your administration, a man so painstaking, able and competent as the present incumbent.

We have to suggest that upon an inspection of the Treasurer's office, we discover that the office is not provided with a safe or other proper receptacle for the safe keeping of the valuable books and documents committed to the Treasurer's keeping, and we recommend that at as early a time as possible, provision be made for supplying the Treasurer's office with a substantial fire proof safe.

We submit with this report, the statement of the President of the Western National Bank and the Guthrie National Bank, relative to the Treasurer's deposit, etc.

Respectfully submitted, your obedient servants,

A. H. HUSTON,
W. H. MERTEN,
C. R. BROOKS.

Committee.

Oklahoma City, Feb. 19, 1900.

Hon. A. H. Huston, W. H. Merten and Caleb Brooks, Committee, Guthrie Okla.

Gentlemen: In reply to your request for a the amount to credit of F. M. Thompson, Territorial Treas, we have to state his balance with us at the close of business Feb. 17, 1900, was \$80,000.00 (Eighty Thousand dollars).

Very truly yours,

F. R. HOLT, Cashier.

Frank M. Thompson has not now nor never borrowed or made any application to borrow money of the Bank.

F. R. HOLT, Cashier.

Subscribed and sworn to before me Feb. 19, 1900.

C. M. BOSWORTH,
Notary Public.

To A. H. Huston, C. R. Brooks and W. H. Merten, Committee:
Guthrie, O. T.

Gentlemen: In accordance with your request I have the honor to state that the balance standing to the credit of F. M. Thompson, Territorial Treasurer, on Saturday evening, February 17, 1900, was \$121,817.06. And I further state that he owed the Bank no money whatever borrowed from it either personally or as Territorial Treasurer, and that we claim no offsets or defenses against the amount standing to his credit.

Yours truly,

J. W. McNEAL, President.

REPORT OF WARDEN OF PENITENTIARY.

Lansing, Kan., Dec. 4, 1900.

Gov. C. M. Barnes,
Guthrie, O. T.

Dear Sir: In compliance with your request as to Oklahoma prisoners for the year ending December 1st, 1900 would say:

Number of prisoners on hand January 1st, 1900, ...	176
Number of prisoners received to December 1st, 1900	109
Number of prisoners Discharged to December 1st, 1900	64

REPORT OF SUPT. OF INSANE ASYLUM.

Norman, Okla., Dec. 1, 1900

Governor C. M. Barnes,
Guthrie, Okla.

Dear Sir:

I have the honor to submit to your Excellency's consideration the following report of the territorial insane in my charge for the past two years; number of patients confined in asylum two years ago, 220; number of patients received in the past two years, 336; number of patients in hospital today, 290; 179 males and 111 females; number of patients discharged in the past two years, 171; number died, 86; number escaped 9; total number treated in hospital during the past two years, 556. The physical condition of patients now confined in the hospital is good. Since our last report, we have had two epidemics; an epidemic of measles of a malignant type in the spring of '99; and in the winter and spring of 1900, we had an epidemic of smallpox. We treated over two hundred cases of smallpox. There has not been a case of either smallpox or meas-

les in the hospital for the past eight months. Since our last report, we have built two new cottages; we have separate apartments now for the negroes. Our buildings now are as follows; brick building, three stories high, 44x90, with an ell two stories and basement, 40x100; and five frame cottages; laundry building and store house.

We have fifty two acres of land and an abundance of fruit and shade trees. The forest trees made ample shade for the patients during the past summer. Our sewerage system and sanitary condition are perfect. Our water supply is plentiful; we have two good wells in addition to the city waterworks.

The bill passed by the last legislature, authorizing the governor to appoint three physicians to visit the asylum quarterly, has our unqualified approval. The board has visited the hospital regularly and has fully discharged its duty in looking after the interests of the territory. The enclosed list shows the patients by counties.

Yours very truly,

JOHN THREADGILL.

REPORT OF THE COMMITTEE TO VISIT THE TERRITORIAL INSANE ASYLUM AT NORMAN.

Under the act of the Fifth Legislative Assembly, Chapter three (3,) Article two (2,) Section thirteen (13.)

To His Excellency Governor C. M. Barnes,
Guthrie, Oklahoma.

Sir: We your committee, appointed "To visit the insane asylum, and examine the patients detained therein, to report upon their condition, and the sanitary condition of the asylum," beg leave to report as follows:

On December 18, 19 and 20, we made our last quarterly visit for 1900. At no time since the appointment of this committee has it been the custom of the committee to notify the management of the asylum of our visit; the last visit as well as others, has been made unexpectedly to the management, hence no preparation has been possible, either of patients, wards, or grounds for our visit.

This visit of your committee was very searching and thorough. The patients were personally inspected and invited to offer any complaints that they had to make, they were told the business of the committee, and were urged to freely make any complaints as to care or abuse that they had to offer. A great number of the patients were mentally perfectly well able to express an intelligent opinion as to these matters. The universal statement of all patients was, that they had excellent care, food and attention. No complaints were made against the management of the institution by any patient present. One old gentleman who was about ready to be dismissed said, "That he was as happy as could be under the circumstances, and desired to thank the management for the excellent treatment he had received while an inmate of the Hospital;" his opinion was freely voiced by other patients. As we have heretofore reported we found every part of the building, wards and rooms scrupulously clean; bedding and bed clothes, which was examined, was clean, of good quality and sufficient in amount.

We visited the patients while at meals, examined the food, and inquired as to the bill of fare; the food we found to be well cooked, wholesome, and supplied in sufficient quantities.

We found no sickness nor ill health in the institution that could be attributed to a lack of proper sanitary conditions, care or diet. The health of the inmates was remarkably good, we could hardly understand how, among so large a number of persons, hereditarily weak in many instances and with broken down nervous systems they could be in so excellent health. Some wards had no persons confined to the bed, and there were few inmates of the institution, but what could go to their meals.

Although we believe that the institution is wisely conducted, nevertheless, we your committee, cannot but feel that the time has come when the institution should be owned by the Territory. An institution containing the number of patients found here could be conducted much more cheaply by the Territory than is at present the case.

The asylum is located on a high rising swell of ground, a number of feet above the town and surrounding country. This location no doubt contributes much to the health of the inmates and is an ideal situation for the location of an insane asylum. Under direct Territorial management a better classification of patients and a close discrimination as to who should be admitted into the asylum would follow.

Wards for imbecile children who should receive elementary instruction in reading and writing, in learning to work and take care of themselves should be established. Quite a number of the inmates of the institution, if conducted by the Territory, would only be too glad to find employment about the institution during periods of convalescence. Many patients have only intervals of mental derangement occurring perhaps, only monthly, this class should be allowed quite an amount of liberty during their periods of sanity. All these things, and a hundred minor details could be better arranged under Territorial management than is possible under the present contract. We believe that the next Legislature should carefully inquire into the advisability of purchasing the institution, and placing it in the hands of the Territory for management hereafter.

We are, respectfully yours,

L. HAYNES BUXTON, M. D.,
President.

We, your special committee appointed by the Speaker to advise procedure in the contests pending before the House, submit the following report:

Rule 1. That when such contest Committee meet they shall organize by selecting one of their number as Secretary. The Chairman of said Committee is hereby given authority to administer all necessary oaths in taking testimony and other matters in connection with said contest proceeding, and any person wilfully swearing falsely to any material fact before such Committee shall be guilty of perjury and upon conviction thereof shall be punished as now provided by law for like offense. All testimony taken by said Committee shall be reduced to writing. We hereby recommend that the House make appropriation sufficient to defray all expenses necessarily and actually incurred by carrying into effect these recommendations.

Rule 2. The contest Committee appointed by the House shall, at a meeting called by the Chairman thereof, consider the pleadings filed by the contestant and contestee and if such Committee finds that the contestant's allegations are such that if found to be true the contestant would be entitled to the seat, then the said Committee shall proceed as hereinafter directed, but if the Committee finds that the allegations of contestant, if found to be true, are not sufficient to entitle the contestant to the seat, then they shall report such pleadings back to the House with recommendation of the Committee, and when such report is received, and the House may consider such allegations and determine whether such allegations of contestant are sufficient or not and if found to be sufficient the House shall direct the Committee to proceed further with the contest.

Rule 3. If the Committee finds that the allegations of the contestant if true are sufficient to entitle contestant to the seat in this House, or if by further direction of the House such allegations are found to be sufficient, then the said Committee shall proceed in the following manner: The Committee shall give the contestant and contestee four days' notice in writing directing them to appear at a time and place when such Committee will be in session, to submit the testimony in support of their respective allegations and

charges, and at such time set for said hearing, the contestant and contestee shall be permitted to appear in person and by attorneys and submit their testimony in support of their respective allegations and charges, and if at such time either the contestant or contestee makes it appear to the Committee that any disputed ballots are to be counted or evidence is to be had, that cannot be taken by a deposition or certified transcript of records, then such Committee shall order that such ballots shall be counted by said Committee at the place where they are properly kept by law, or order that the same be brought to this House for such purposes, on a day to be named by said Committee at which said count said contestant and contestee may be present in person or by attorney, or both, and such Committee shall count such ballots at the place where they are properly kept by law and shall classify such ballots into such classes as are necessary to show the number of ballots each of each distinctive character, with reference to mutilation, stamping and marking, that have been cast, and such classes shall be designated by A, B, C, etc., stating distinctly the peculiar characteristics of class A, and giving the number of ballots of class A, that were cast for the contestant and the number of ballots of class A that were cast for the contestee, etc., showing the peculiar characteristics from the legal standpoint of each class of ballots and showing the number of each class cast for the contestant and the number cast for the contestee and when such ballots are completed the Committee shall return the same to the proper custody, and shall seal all boxes in the same manner as they were found, deliver the same to the proper officer entitled to the custody thereof and leave with the officer having the custody of such ballots, statement of all ballots found in such box, that were cast for the contestant or contestee, and a statement showing the full number of such ballots left by such Committee in such box; Provided, however, That such Committee shall not examine the box of any precinct or poll, unless the contestant or contestee in his allegations have alleged irregularity of some kind or character, with respect to that particular precinct or poll. When such report is completed such Committee will file the same with the House.

Rule 4. The Committee before filing its report with the House shall make a finding of facts summarizing the evidence and filing

the same together with the evidence on which such findings are based.

House of Representatives,
Sixth Legislative Assembly,
Guthrie, Oklahoma Territory,
February 6, 1901.

S. P. Atherton, Contestant.

vs.

William H. Scott, Contestee.

Comes now the contestant, S. P. Atherton, in person and by his attorney, John Embry, and files this, his dismissal of the contest proceeding, now pending before this House, wherein movant contests the seat of William H. Scott, a Representative from the Sixth District, and prays that the House make all proper record and orders showing such dismissal.

S. P. ATHERTON,
Contestant.
JOHN EMBRY,
Attorney.

Mr. Embry, on behalf of Mr. Atherton, offered the following explanation of his action in filing the above motion:

House of Representatives,
Sixth Legislative Assembly,
Guthrie, Oklahoma Territory.

February 6, 1901.

Mr. Speaker:

In presenting the motion of Hon. S. P. Atherton for dismissal of the contest against the Hon. W. H. Scott, of the Sixth District, I desire to say that this act is prompted by the consent of Mr. Atherton, and he desires me to give to the House as his reasons therefor, that notwithstanding the fact that he believes he was legally elected, yet, the determination of this matter has been so long delayed that one-half of this session has expired, during which time the contestee has acted as the Representative of the said District, and Mr. Atherton believes that the legislative matters in which his district is interested have, at this late day, taken such form that it would be embarrassing to him to be called upon to in any way interrupt the course of things, and further, that if mistakes have been made, he does not desire to assume the responsibilities therefor, neither does he desire to change the position of his district on any meritorious legislation.

The contestant has directed me further to express to this House his sincere thanks for the exhaustive examination made of the election returns, and for their careful and courteous consideration of the matter and things pertaining to this contest.

JOHN EMBRY,
Attorney.

Mr. Embry moved the prayer of the motion be granted and the contest dismissed, which motion prevailed.

Your Committee on Municipal Corporations have had under consideration House Bill No. 153 and recommend the same do pass as amended.

CHAS. R. ALEXANDER,
Chairman.

Mr. Wood offered the following minority report of the Committee on Municipal Corporations:

Guthrie, Oklahoma Territory,
February 6, 1901.

Mr. Speaker:

We, a minority of the Committee on Municipal Corporations, beg leave to recommend that House Bill No. 153 do not pass, and submit herewith our reasons therefor and ask that the same be spread upon the records of this House.

R. E. WOOD,
F. R. ROGERS.

Mr. Reid, Chairman of the special committee on the Wails-Phelps contest case, made the following report:

Territory of Oklahoma.

In the Matter of the Contest of J. C. Wails vs. Walter L. Phelps, from the Tenth Representative District of the Territory of Oklahoma.

Mr. Speaker:

We, your committee appointed to hear evidence and decide the issues joined in said contest case, beg leave to make the following report:

STATEMENT OF FACTS.

The facts shown by evidence introduced are as follows:

That said contestee, Walter L. Phelps, became a resident of the Territory of Oklahoma about the 10th or 11th day of November, 1899; that he continued to reside in the town of Norman, Cleveland County, from that date; that he was nominated on the Democratic ticket for the office of Representative of said Tenth District in the year 1900; that at the election held on the sixth day of November, 1900, he received a total of 593 votes in said district.

That the contestant, J. C. Wails, was a resident of the County of Cleveland and Territory of Oklahoma for several years prior to the year 1900; that he was nominated for the office of Representative of the said Tenth District by the Populist party, and at the election held on the sixth day of November, 1900, received a total of 489 votes.

The allegations of the contestant are as follows:

First:

That the said Phelps was not a resident of the Territory of Oklahoma the required length of time to be qualified for the office of Representative.

Second:

That he secured his election by undue and corrupt influence.

Your committee concludes that as a matter of law that while the said Phelps had not been a legal resident of the Territory of Oklahoma for the period of one year on the sixth day of November, 1900, he was a legal resident at the time of the issuing of the certificate of election to him, and at the time he was sworn in at the convening of the Sixth Legislative Assembly on the eighth day of January 1901.

The precedent established by the Congress of the United States in seating persons who have received a majority of the votes in their district, as soon as the disability has been removed, has been established and followed in that body for years. The Constitution of the United States requiring a person to be of the age of twenty-five years before he is eligible to become a member of Congress; persons having been elected to that office who have not attained the required age at the convening of Congress, and who have subsequently been

seated upon attaining that age. Our Statute being peculiar in its wording in defining the qualifications of a member of the Territorial Legislature, does not use the words "election day" but the words "when chosen;" that a member of the Legislature "must have been a resident of the Territory for the period of one year before the time he is chosen." Your committee believing as a matter of law he is not chosen until he receives his certificate of election; and in that event the contestee, Mr. Phelps, had been a legal resident of the Territory of Oklahoma for the period of one year next preceding the date of said certificate.

The committee further concludes as a matter of law that if the said contestee, Mr. Phelps, was disqualified from holding the office of Representative, that the next highest contestant, Mr. Wails, would not be legally entitled to said office in this Assembly instead of Mr. Phelps. A large line of decisions being to the effect that the person receiving the highest number of votes being disqualified, it does not elect the next highest candidate. Your committee having arrived at this conclusion, we deem it best that the said contestee retain his seat rather than that District should not be represented during the session. We, therefore, recommend the dismissal of the contest proceedings instituted by the said J. C. Wails against the said Walter L. Phelps.

THOS. R. REID,
FRANK MATHEWS,
J. W. HADLEY.

Mr. Alexander moved to adopt the report, which motion prevailed.

Those voting in the negative were Brewer, Embry, Jones, Mathews of Payne, Nisbett, Oliphant, Scott and Wood.

Mr. Hadley explained his vote as follows:

Mr. Speaker:

I desire to explain my vote. I vote "Aye" believing that the Public Buildings provided for in this Bill are as badly needed as the \$100,000 schools for which the opposition to this Bill voted, and the appropriation against which I voted.

J. W. HADLEY.

Mr. Thomas explained his vote as follows:

Mr. Speaker:

I wish to explain my vote. I have remained neutral on this question, but it seems to me that the facts show that the location is a profitable financial saving to the Territory on the appropriation for the keeping of convicts and insane. It seems to me we can largely reduce the expenses and there has not been any reasons submitted why it is not the right thing to do for the welfare of our unfortunates, so the fact that different towns and railroads object to it is no reason why we should not locate them, for all who do not get them will always object, and I believe the time has fully come for its location and my constituents desired me to support the measure if they could get a school for their part. I have spent much time in studying the merits and demerits of the case and I have fully decided that the merits are for the location of these buildings. I have made a careful estimate of the cost of the maintenance of our insane and convicts and I am fully persuaded that it will be a large financial saving to the Territory. It has been urged that it would be against single statehood, but I believe that the savings financially and keeping the financial credit to the Territory in good condition will overcome all the objections.

It is a well known fact that we have a large amount of money now in the Treasury from section 33, and that the incoming proceeds, if properly applied, will alone pay for the buildings without any tax to the citizens of the Territory.

It is a well known fact that the public buildings have been held over every legislature and has cost thousands of dollars. It has defeated justice and has been the club in the Assembly to promote alarming appropriations, so to end this for the better in the future, I do gladly cast my vote to end this trouble. As this House has seen fit to ignore all the right of Pawnee county against the highest authority and undisputed facts, I now do what I believe to be the best for the most people. I vote Aye.

H. A. THOMAS.

Council Bill No. 129 having received the constitutional majority, passed.

Mr. Reid moved to reconsider the vote by which Council Bill No. 129 passed the House, and that that motion lie upon the table.

The motion prevailed.

Mr. Alexander moved to adjourn, which motion prevailed.

Approved March 6, 1901.

Mr. Speaker explained his vote as follows:

The gentleman from Lincoln has given the subject under consideration much attention and the original bill prepared and presented to him had my hearty approval. While the amendments are not satisfactory to me, it is apparent after two Conference Committees have earnestly endeavored to secure the original bill, that no such result can be reasonably expected. Believing the Bill far more just

to the colored and white people than the present law, with great reluctance, I vote "Aye."

MR. SPEAKER,

Mr. Oliphant explained his vote as follows:

I vote for this bill because it is the best that we can secure. I had hoped that this legislature would pass some measure which would be fair to both colored and white. This is better than the present law, and I feel it my duty to vote for the same.

JOHN A. OLIPHANT.

The motion prevailed.

The Committee of the Whole arose to receive the following messages from the Governor:

Guthrie, Okla., March 7, 1901.

To the Hon. President of the Council, Speaker of the House, and Members of the Sixth Legislative Assembly:

Gentlemen:

In my communication to you on January 9th last, speaking of the Public Building fund, I suggested "that in case no provision is made for the use of this fund in the near future, you will provide by

law for its safe investment in reliable interest bearing securities." As the session nears its close and no provision has been made for the use of this fund, I earnestly recommend that you will enact a law providing that the amount of public building fund now in the treasury and that which may be collected during the next two years, may be invested in Territorial five per cent. interest bearing warrants in the order of their registration.

Very respectfully yours,
C. M. BARNES,
Governor.

Guthrie, Okla., March 7, 1901.

To the Hon. Speaker and Members of the House of the Sixth Legislative Assembly:

The following message was received from the Council:

Territory of Oklahoma, Council Chamber,
Guthrie, Oklahoma Territory,
March 8, 1901.

Mr. Speaker:

I have the honor of transmitting through you to the House of Representatives information that the Council refuses to concur in House amendments to Council Bill No. 129, which you will find attached.

Very respectfully yours, .

THOS. KEARSE,
Chief Clerk Council.

Mr. Phelps moved that the House recede from its amendments to Council Bill No. 129.

Mr. Embry moved to indefinitely postpone further consideration of Council Bill No. 129.

Upon which motion, Mr. Reid raised the point of order that the House could only recede from its amendments or refuse to recede, which point of order was by the Speaker sustained.

Mr. Embry appealed from the decision of the Chair.

The House then sustained the decision of the Chair.

Mr. Alexander moved the previous question.

Mr. Jones moved to lay that motion upon the table.

Mr. Reid raised the point of order that a motion to lay the previous question upon the table is not susceptible of being laid upon the table.

The point of order was not sustained.

Mr. Reid appealed from the decision of the Chair and the House reversed the decision of the Speaker.

Mr. Embry moved that the House adjourn without day, which motion was lost.

The question being upon Mr. Alexander's motion for the previous question, the Roll was called.

Ayes 17, nays 9.

Those voting in the affirmative were Alexander, Allen, Campbell, Comp, Decker, Ferguson, Hadley, Millard, Phelps, Reid, Rogers, Seeley, Sniggs, Thomas, VanKirk, Wilkin and Mr. Speaker.

Those voting in the negative were Brewer, Embry, Jones, Mathews of Greer, Mathews of Payne, Nisbett, Oliphant, Scott and Wood.

The Speaker announced that the motion, not having received a two thirds majority, was lost.

Mr. Reid appealed from the decision of the Chair.

Mr. Wood raised the point of order that it was not the Speaker's decision, but the decision of the House record vote.

The point of order was by the Speaker overruled.

The question being upon Mr. Reid's appeal, the decision of the Speaker was reversed.

Mr. Wood moved to adjourn sine die, which motion was lost.

Mr. Embry moved that the House resolve itself into a Committee of the Whole for the consideration of Bills favorably reported by the Sifting Committee.

The motion was lost.

The question then being upon Mr. Phelps's motion that the House recede from its amendments to Council Bill No. 129, the Roll was called.

Ayes 17, nays 9.

Those voting in the affirmative were Alexander, Allen, Campbell, Comp, Decker, Ferguson, Hadley, Millard, Phelps, Reid, Rogers, Seeley, Sniggs, Thomas, VanKirk, Wilkin and Mr. Speaker.

Those voting in the negative were Brewer, Embry, Jones, Mathews of Greer, Mathews of Payne, Nisbett, Oliphant, Scott and Wood.

Mr. VanKirk explained his vote as follows:

Mr. Speaker:

I desire to explain my vote. As a number of the members know at the time this House convened, I was personally against the loca-

tion of any institution and against excessive appropriations for any purpose. The gentlemen who are now voting in the negative for reasons best known to themselves, with the utmost haste, urged forward and pushed to final passage extremely large appropriations for the various educational institutions, not beyond the need of, perhaps, but far beyond the ability of the Territory to pay without serious detriment at this time, and against which I raised my voice and recorded my vote in humble protest, for the appropriations the minority upon this question are largely responsible. The institutions provided for by this bill do not call for a single dollar of direct taxation. The necessity for the Territory caring for its deaf, dumb, blind, incorrigibles and unfortunates as well as insane and prisoners is apparent to all. Private individuals have been reaping large rewards from private contracts for the performance of this task, and there is no good reason why nearly 500,000 people of our attainment and wealth should not own its own institutions. The saving to the Territory in this direction will contribute liberally toward the cost of the buildings required. I believe that since the territory must necessarily assume the burden of caring for its own unfortunates and prisoners, that it is best to own the buildings and appurtenances in which they may be cared for, especially so when the funds ready to nearly complete the work lie idle in the Territorial Treasury, without means of investing the same. For these reasons, with others, I listen to the voice of the people whom I represent, and respecting their wishes, and not my individual judgment, I vote "Aye."

D. H. VANKIRK,

The motion prevailed.

The following messages were received from the Council:

Territory of Oklahoma, Council Chamber,

Guthrie, Okla., March 8, 1901.

Mr. Speaker:

The following message was received from the Governor:

Territory of Oklahoma, Executive Department,
Guthrie, March 8, 1901.

To the Hon. Speaker and Members of the House of Representatives of the Sixth Legislative Assembly:

Gentlemen:

I have carefully considered the provisions of House Bill No. 199, being "An Act to Authorize the Construction of Additional

Buildings and the Purchase of Additional Lands for the Territorial Normal School Located at Edmond."

This Bill provides for the levy of a tax upon all taxable property of the Territory of Oklahoma of four-tenths of a mill on the dollar, each year, for the years 1901 and 1902. Estimating the taxable valuation of property in Oklahoma at Sixty Million Dollars for the year 1901 and at Seventy Million Dollars for the year 1902, this bill carries an appropriation of fifty-two thousand dollars, which the tax-payers of the Territory are required to pay within the next two years for this improvement. There is no man in the Territory who will do more than will I for the advancement and substantial betterment of educational institutions as necessities arise therefor; the enrollment of pupils at this school during the year 1900 was 322 and the building now in use is amply capable of accomodating a considerably larger number.

Having in view other measures that will increase the rate of taxation in our Territory, I am convinced that the proposed betterment at Edmond should be postponed for a few years, and therefore, I am constrained to return the same to you without my approval.

Very respectfully,

C. M. BARNES,

Governor.

Mr. Thomas introduced House Resolution No. 12 which was read as follows:

Resolved, by the Members of the House of this, the Sixth Legislature, that the thanks of this House are tendered to Walter C. Stevens for the able, impartial and dignified manner in which he has presiding over its deliberations and performed the arduous duties of the Chair.

Mr. Oliphant moved to adopt House Resolution No. 12, which motion prevailed.

And no executive document, report, history of bills or resolutions, introduction of bills and action thereon or any other matter other than the above mentioned, shall appear in the respective Journals, except one general index in each Journal, and when the same matter is published more than once, and when the printer's forms can reasonably be used more than once, in making such publications, there shall be but one charge allowed for the composition of such matter.

Section 26. The Treasurer of the Territory, by and with the advice and approval of the Governor, may designate one or more banks in the Territory of Oklahoma to act as depositories for the deposit and collection of any drafts, checks or certificates of deposit or moneys that may come into his hands on account of any claims due the Territory. Each bank so designated as such depository shall be required to give securities, consisting of a bond signed by some surety company, authorized to do business in this Territory or by the depositing of United States bonds or Territorial, County and Municipal bonds in the Territory; such bonds and securities to be at least equal in amount to the amount of Territorial funds to be held in such depository at any time, the form and kind of such suretyship bond and the legality and validity of the securities shall be such as to satisfy the Treasurer of the Territory, and receive the approval of the Attorney General, and also the approval of the Governor of the Territory. The security to be so given and deposited with the said Treasurer shall be conditioned to secure the prompt collection of all drafts, checks, and certificates of deposit which may be delivered to such depository by the Territorial Treasurer for collection, and also for the keeping and prompt payment on the order or check of the Territorial Treasurer of all funds so collected and of all moneys so deposited, and also for the payment of all drafts or checks that may be issued to the Territorial Treasurer by such depository; such collections to be made and exchange to be furnished free of expense to the Territory. The proceeds of all drafts, checks and certificates of deposit or money which shall come into any depository, so selected as aforesaid, may be permitted to remain on deposit in such institu-

tion until such time as the Territorial Treasurer shall have occasion to use said funds in the conduct of his office. The Territorial Treasurer is hereby authorized and directed to enter into contracts with such bank or banks as have been selected or may hereafter be selected, to act as depositories aforesaid for the payment of interest upon money so deposited therein. Such contracts to receive the approval of the Governor before they shall take effect; such interest to be paid on daily balances at the end of each month, and to be credited to the general revenue fund of the Territory. Each bank acting as a Territorial depository, shall at the close of each month's business, certify to the Auditor of the Territory, a true statement of the daily balances in said institution and belonging to the Territory at the close of each day's business together with a statement of the amount credited to the Territory at the end of such month.

Section 27. For the construction of such buildings as the Board of Regents of the Agricultural and Mechanical College at Stillwater may determine there is hereby appropriated out of any money in the Treasury, not otherwise appropriated, the sum of eight thousand dollars to be paid out by the Territorial Treasurer upon warrants duly drawn by the Territorial Auditor upon sworn vouchers therefor approved by the Board of Regents of said College.

Section 28. For expenses of the Board of Regents of the Agricultural and Mechanical College of the Normal Schools of the Territorial University for the years, 1901 and 1902, the sum of three hundred dollars per annum for each board. Provided, That any officer being a member ex-officio shall receive no per diem.

Insert as Section 29, "To Fred L. Wenner for money expended in gathering and compiling statistics, photographs, maps and other data for the annual report of the Governor for the past three years, the sum of one hundred dollars."

Insert as Section 30, "To the Adjutant General for his salary for the years, 1901 and 1902, the sum of seven hundred and twenty dollars per annum, and for contingent expenses of his office, for rent, light, fuel, stationery, etc., the sum of five hundred dollars for the years, 1901 and 1902.

Insert as Section 31, "There is hereby appropriated out of any funds in treasury of the Territory not otherwise appropriated, the sum of Twenty Thousand Dollars, or so much thereof as may be nec-

essary for the erection, leasing or renting and equipment of a building upon the grounds of the Louisiana Purchase Centennial Exposition at or near the City of St. Louis, in the State of Missouri, in the year 1903, said building to be erected, leased or rented by a commission to consist of three members to be appointed by the Governor. If the said commission find it to the best interests of the Territory to erect a building, they shall adopt plans and specifications therefor and after such plans and specifications have been decided upon, the said commission shall advertise for bids for the erection of the same, and shall let the contract for the erection to the lowest responsible bidder. After the erection of such building, the said commission shall take charge of the same, together with any exhibit that may be placed therein, shall employ such help as is absolutely needed for the care of the building and the exhibit, and shall adopt such rules and regulations as they deem necessary for the care and control thereof. The said commission shall elect one of their number as Chairman and another member as secretary, whose duty it shall be to approve all bills of expense, pay for the erection of the building, the salary of the commission and help, the cost of collecting, caring for and transporting of the said exhibit; Provided, that no warrant shall be drawn except upon vouchers duly sworn to; and no warrant shall be drawn for any amount in excess of the appropriation herein made. The said commissioners shall receive as compensation for their services, the sum of three dollars each per diem, when necessarily employed, together with actual expenses not to exceed two dollars per diem and they shall fix the compensation to be paid to such help as is necessary, in caring for the building and exhibit.

Number succeeding sections of House Bill to correspond with added sections.
